

## Travel Leaps To New Record On Local Highway

Truckee Jumps To Second Place As Port Of State Entry

Travel into California by way of Truckee jumped from 27,570 cars in April to 42,656 during May, the monthly report of the State Department of Agriculture reveals.

This count does not include 3045 commercial vehicles and 622 buses. The passenger count for last month was 144,134 as compared to 95,870 for April.

As the result of the major increase during the month, Truckee is now in second place as a point of entry into the state, exceeded only by Yermo, which had 54,908 cars checked through the quarantine station there.

Meyers on Highway 50 at Lake Tahoe reported 12,770 cars, 340 trucks and six buses for May, compared to 7434 cars, 286 trucks and two buses during April.

The count of cars at the Truckee station for last month showed an increase of more than 2000 over May, 1953. No east bound or local vehicles are included in the totals.

The state-wide report shows that 291,031 cars entered the state last month compared to 282,477 the same month a year ago.

Much of his work has gone unrewarded except for the personal knowledge of a job well done and the gratitude of the Scouts. He is taking a leave as head of the troop for year because of the stress of business at his Buick Garage and is fortunate in having Stone take over for the time being at least.

## Eighty-some Fete Member—

Mrs. Annie Tonini was presented with a decorated cake and gifts, in honor of her birth date on Wednesday at the meeting of the Eighty-some Bridge Club.

Officers of the California Highway Patrol this week made a surprise check on commercial vehicles traveling over Highway 40 and not so surprising found 23, or nearly one-third of them, in violation of the motor vehicle code. Ten of the heavy vehicles were found to be equipped with inadequate brakes, ten more were driven with faulty lights and three were overweight. That is a pretty heavy percentage of violations and the announcement by the patrol that periodic checks would continue in the campaign to eliminate unnecessary highway hazards may well be greeted with some degree of relief by other motorists. Trucks, we must agree, have as much right to use the highways as any other properly registered and operated vehicle, but we also agree that violations such as faulty brakes cannot be tolerated with safety.

## Truckee Is Lagging Just a Bit in the Current Drive for Funds for the American Cancer Society. We know there are lots of drives for funds and that people are called upon frequently to support this or that worthy project, but we can think of none more deserving or more necessary than this important campaign. In line with the drive, the Yuba High School Band will be here Friday evening for a concert on the main street. This event is being sponsored by the local committee and a free-will offering will be taken after the playing as a cancer fund benefit. The school is liberally donating its time and talent.

Lake Tahoe Resort Recovers Cash Before It Was Found Gone

Fred Allen Holt, 20, Tahoe City, was being held in the Washoe County jail at Reno yesterday charged with looting Cal-Neva Lodge at Crystal Bay of five slot machines. The cash and machines were recovered before the management was aware of the theft.

According to reports from Reno police, the youth admitted taking the machines while the watchman was absent. They were stripped of their contents and abandoned, three east of Reno and two at Hidden Beach, Lake Tahoe. There were two 50-cent machines, one dollar machine, a nickel machine and a quarter machine.

The thief removed the money and placed it on the floor of his car. This strange sight caused a service station attendant at Wadsworth to notify officers and after some questioning, Holt is said to have admitted the robbery.

## Lumber Strike In State May Close Mill Here Monday

Wage Dispute Results In Possible Tie-up of Major Industry

Unless a settlement between the Northern California District Council of the American Federation of Labor Lumber and Sawmill Workers Union and the mill operators is reached before Monday, the impending strike will cause stoppage of work at the Stockton Box Company's mill here.

The action will effect nearly 100 employees of the mill and allied logging industry, a spokesman for the mill said this week.

The controversy started when the mill operators decided to cut wages by 7 cents an hour. About the same time, the union asked an increase of 12%. As a compromise offer, the operators said they would not make the threatened cut but would keep the scale the same as it has been, the average minimum for the vast area affected being 1.87% an hour.

This was not agreeable to the union officials, who are currently holding out for the requested 12% cent increase.

The Northern California council's jurisdiction includes the northern pine area of the state.

A strike of all councils on the Pacific Coast was authorized by a vote announced in Portland, Ore., a week ago. Each council is to set its own strike date.

All employers who have not signed new contracts embodying the union's demand for a 12% cent an hour wage increase will be affected.

The strike is not expected to effect Crandall Brothers mill here.

Aside from the races, which annually attract large crowds of fans and some of the fastest race drivers in the country, a barbecue will be held in the evening to aid in financing the program.

Howard Vaughan, Rex Reid, Dr. Oliver Scow and Howard Newsham were named on a committee to work with Bud Bradshaw, the resort manager in handling details of the events.

## SWANEE'S Lake Tahoe Letter

Tahoe City  
June 13, 1954

Dear Tahoeites:

Want to put in a few words about election day before starting the weekly rundown of news. It was one of those good old-fashioned kind, such as in the old days . . .

with a wonderful dinner prepared by members of the board before checking time started. Many thanks are extended to Pete Sederberg, Tahoe Pines, who installed drop-lights over the tables for us, to facilitate close work; Kehoe's Market, which sent pop and candy; the Village Store which donated ice cream; the Tahoe City Bakery which sent over grand, fresh donuts; Donaldson's Coffee Shop, which brought in fresh steaming pots of coffee; and Richard Lavery, who sent up a

box of chocolates. Many are curious regarding the number of voters registered in the Tahoe City area. They total at this time 426.

On Tuesday 308 persons voted and there were 15 absentee ballots. During the day a bit of unusual excitement was provided by Gregory Moore and Gary Henry when they climbed inside of the large mail deposit box outside the Tahoe City Postoffice. The muffled cries and banging of the young-

sters, who were trapped inside and couldn't get out, were heard upstairs by Mrs. Martha Snyder. She in turn called downstairs and Judge Charrison, who was just leaving the building, let the young adventurers out. They told him they just "wanted to see what the inside of the big box looked like."

There's sad news for some Tahoeites too. Postmaster Oliver Corona, accompanied by his wife and baby, left hurriedly on Monday in answer to a call from the Santa Clara County Hospital in San Jose where his mother, former Tahoeite Mrs. Katherine Corona, lies critically ill following an emergency operation. Ollie remained there until Thursday, at which time his mother was reported much improved. On Wednesday, Ollie's aunt, Mrs. Alma Sexton of Tahoe Park, was called hurriedly to the bedside of her mother, Mrs. Gertrude Collins at Chico, who suffered a stroke. Mrs. Sexton wrote today that her mother's condition remained the same. And down in San Diego, Mrs. Beulah Carnell's father, Charles Kreuger, who suffered a stroke recently shows no improvement, and has been transferred from the hospital to a private nursing home where he has a special nurse.

On the brighter side, the Jake Stuart family of Lake Forest on Tuesday last welcomed home their son, Pvt. Ned Stuart, who arrived

from Ft. Bragg, N. C., for a three weeks furlough. Ned got home just in time to celebrate his 21st birthday on June 9. He's six feet tall and weighs around 200 pounds so army life must agree with him! Ned suffered a badly wrenched knee along with a few breaks, as a result of his fire parachute jump with the Airborne Division in which he is enlisted. He made the jump in good shape, suffering no mishap, but before he could get disentangled from his chute another boy landed beside him and knocked him over, causing his leg injuries. His first jump was his last, as the doctor has him on restricted detail, but he is remaining with his company by driving truck now. On Sunday Ned enjoyed one of those trips he loved as a boy at Tahoe when he joined a party of local friends for a fishing trip to Bear Lake. They included Everett O'Rourke and son Mike, Lincoln Dempsey and Ned and his father Jake Stuart. Tonight the report is that the entire party, which went by jeep, came home with limits of eastern brook—most of them ranging around 10 to 12 inches. Snow still remains around the lake and it is doubtful a car could negotiate the roads.

Mr. and Mrs. Lincoln Dempsey and children, Pat, Mike and Dan, all enjoyed a visit in southern California where they went to attend the high school graduation of Lincoln's brother, Patrick Dempsey, now 19. Pat once lived at Tahoe and attended local schools and will be remembered by many here.

Fred Planett, of Roseville, brother of Mrs. Marie Henry and Mrs. Verne Daniels, of Tahoe, was honored at a birthday dinner party at Bacchi's Inn in Lake Forest on Saturday by his mother Mrs. Mary Planett. Present at the pleasant occasion were Mr. and Mrs. A. M. Henry and Mr. and Mrs. Verne Daniels.

Butch Beavers of the William Kent Campgrounds Forest Service Station attended classes at Nevada City over June 9 through the 11. The Sierra Sun this week carries a new ad for the Tahoe Tree Company, a new organization with headquarters in Tahoe City. Dave McBride, who heads it, is not a stranger in these parts however. He has worked around this district for the past 15 years and earned an enviable reputation in his chosen work. Recently he leased the Sam Goss home on Fairway Drive for a year, with an option to buy. He has a wife and three children.

Guests last week at the Ivan Wilson home in Lake Forest were Mr. and Mrs. Watson Cross of Long Beach. Mr. Wilson provided some fine Tahoe trout for the visitors' dinner while here. Miss Carol Wilson, daughter of the Ivan Wilsons, will enter Sacramento Junior College this fall where she will major in music. Last week she was the guest of Mr. and Mrs. Leigh Rozvar while visiting in Sacramento.

Latest word from De Witt Hospital in Auburn regarding William A. Simmonds, a resident of the Bittencourt Tract, is that he is recovering satisfactorily.

Mrs. Tom Sheehan observed a birthday on June 6 and Mrs. Shirley Conger on June 5. Ernest H. Pomin of Tahoe Park has been bringing in some nice mackinaw recently.

The wedding of Tahoe City's Howard Carnell and the former Miss Myrtle Coates of Reno, took place as scheduled last Saturday at the Reno Federated Church with a large group of friends and relatives present to witness the formal rite. The bride was beautiful in her white satin gown. Full details we have not at this writing, but a reception was held following the service at the Pi Beta Phi house on Sierra street. The couple slipped away for a honeymoon in northern California and will return here to make their home.

On Sunday next, June 20, Bishop Noel Porter will hold first services of the summer season at the Outdoor Chapel near the tavern, and the public is cordially invited to attend the non-sectarian services.

Miss Shirley Flagg, daughter of the John Flagg of Tahoe Park, will wed Louis Chapman Bortz of Orange in a beautiful ceremony at the chapel at 2 p.m., with Bishop Porter officiating. A reception will follow at Forest Inn.

Mr. and Mrs. Charles Warner of Fairway Drive recently entertained from Saturday to Wednesday her parents, Mr. and Mrs. O. C. Smith of Bell and Mrs. Warner's brother, H. O. Smith of Walnut Creek. The latter's wife, Erika and two children, are at present visiting her parents in Germany, where the pair met during the last war. The visitors were present for the second birthday celebration of little Dennis Warner, who blew out candles on his pretty birthday cake.

Joe White, well known contractor of Kihua Park, will soon complete a new pier at the north edge of Homewood, 120 feet long with a 30 foot "el" for Charles and Steve Townsend of San Francisco and James McCandless.

Recent guests at the A. A. Snyder home in Lake Forest were Mrs. Annie Rosenthal of Portland, Ore., Mrs. Ora MacGregor and Mrs. Jennie Matthews of Yreka. They left for home on Monday.

A recent dinner foursome at Brockway Hotel was Mr. and Mrs. Pete Bennett and Mr. and Mrs. Bud Scott of Tahoe City.

The formal opening of Sky Lodge in Tahoe City on Saturday eve-

ning was a huge success as Tony and Eve Donadio smilingly welcomed the huge throng that attended. The only thing missing was a wall-stretcher—as the merry-makers threatened to overflow into the street. The buffet luncheon was superb and a grand time was had by all.

To the new Tahoe City Wash-erette . . . to Denis Sach and his new DuPont Company Paint Store . . . to Elsie Martin's Real Estate Company . . . and to Dr. Stuart Dingwall's new ventures in the Tahoe area, we say: Congratulations and the best of good luck to you all. Hope to get in to the open house celebration on June 17. The

public is welcome. So come one, come all!

Adios for this week and happy landings! As ever,

SWANEE

Leo Merthaler of Carnelian Bay is reported to be recuperating following surgery at Tahoe Forest Hospital in Truckee on June 10.

Christine Plew, 7-years-old daughter of Mr. and Mrs. Clifford Plew of Tahoe City is reported recovering from an illness. The little girl was taken to Tahoe Forest Hospital for treatment.

Donald Ross, a pupil at Montezuma arrived by airplane with his father, Jack Ross to spend the summer at Kings Beach.

## NORTH TAHOE

By JUDGE HARRY CHARRISON

Well, a meeting of the Fire Commission of the North Tahoe

Fire Control was held last Friday night to lay plans for the forthcoming dinner to be given by Cal-Neva Lodge and also the North Shore Club on Tuesday, June 29. We are hoping the final payment on the fire truck will be realized,

with many other expenditures that pile up all through the year. It will amaze you to know the splendid work that has been accomplished since it was put into operation two years ago come July of this year. No less than 32 calls have been answered in that time, 16 forest fires, nine structural fires and seven miscellaneous fires, with a possible saving of \$200,000 of property, so the truck has been worth its weight in gold.

Max Kreuger is secretary and fire chief, Howard (Curly) Mason is engineer and assistant chief, the commissioners are Mac Burroughs, Tom Sutton, Eugene Jarvis, Rube Welch, Bill Wiseman and Roy Porath. For information call Max at Liberty 6-2284. Get your tickets early.

Father Brennan of the Truckee and Tahoe Catholic Church, left last Sunday for his native Ireland, and we hope his trip will be both pleasant and beneficial to him, and wish him a safe return.

Yes, the Community Methodist Church is still going strong with a big attendance last Sunday. No less than 18 new faces appeared, which is most encouraging to the members and especially to our minister, A. B. Covher. His sermon was "Back to Bethel." And by the way, the minister and Mrs. Covher left last Sunday for Stockton to attend the annual conference. Mrs. E. Judy accompanied them. It is hoped that the Covhers will be able to spend a few days of relaxation while down there. They have both been going at top

speed since coming here this spring.

The Lions Club members were guests of the Cork 'n' Net at Kings Beach last Tuesday, and a delightful dinner was served. The Tuesday before Dr. Si Kerran of Roseville and district governor attended to start making arrangements for the Lions convention next spring when 500 delegates will be on hand. The headquarters will be at Joby Lewis' Cal-Vada Lodge.

Kings Beach is certainly showing off these days, we can brag of at least four sports shops, Lillian Kings Sport Shop, H. M. Siegel's Men's Sports Shop, the Riviera Shop in the Ashton building, and then I see Jerry Gordon has a fine stock of sport clothes in his department store, the North-shore Hardware.

I am told that Mayor Elmer Robinson of San Francisco has purchased a beautiful home at Incline Beach not far from the Nevada line. It is really astonishing the great number of well known Californians that are making their home at Lake Tahoe and we are more than proud to have them.

Glad to see Frank and Mrs. Paoli in our area, on a short visit, on their way home from a meeting at Markleville. Frank says that a number of signs indicating the speed limit on some of our county roads will be installed shortly, and these 20 or 25 m.p.h. limits will be strictly enforced, especially on the Truckee short cut and the golf course road. People forget there is a 25-mile limit on all residential thoroughfares. Watch your speed—or else.

Been in Joby's Cal-Vada Lodge lately? Boy there's a couple of Oldsmobiles standing right in the gaming room. Joby has something up his sleeve, I know, and by all accounts its going to be mighty interesting, so shall have to tell you pretty soon what its all about.

Three bright girls will be in Loynd's Drug Store to serve you this year. They are Jeanie Rood, Joellyn Ashton and Loma Sorensen and close by Dianna Abbott is to be seen at the Village Corner Restaurant. Four queens they are, to be sure.

The light rains of the past week, although somewhat disagreeable to some, are very welcome to the forest service men. But even at that don't relax for one minute. Keep your property clear of rubbish at all times. Don't light fires without getting a permit.

Do you know that out of the \$247,986 building permits issued for the unincorporated areas of Placer County, almost a half was in the Tahoe area? Reports on this and other very important issues will be taken up on July 7 in the Community building in Tahoe City. Suggestions regarding property changes will be discussed, so be sure to attend. You will be given an opportunity to express your views. It will start at 10 a.m.

Dickie Rood and Davey Ashton have just returned from a six-day hike up in the Rubicon. They took enough food to last a couple of weeks, but that was not necessary as they caught enough fish for two meals a day. Boy, they had a swell time even though they slept under the sky with a few inches of snow on the ground.

The O'Connors are at the lake in their home on the Golf Course and wee Ronnie is staying with them for an indefinite period.

Mr. and Mrs. C. E. Gancert are also at their home on the Golf Course, and are so happy to be back again.

Poor old Arnold Miedema has been batching it again. His wife, Sophie, has been down south visiting her mother, who has been pretty sick in Johannesburg. And at the same time she made a trip to Pasadena to visit her daughter, Beverly Williams, who came back to the lake with her, bringing Randy, of course.

Beverly Swink, daughter of the Walt Baileys, and her husband, have moved up here from Whit-

## NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that sealed bids will be received by the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, California at the office of the superintendent, Truckee, California, on or before, and no later than Friday, June 25, 1954, at 5 P.M. for black topping portions of the school grounds at Truckee Elementary School, Kings Beach Elementary School, the Tahoe Lake Elementary School, and the Tahoe-Truckee High School, also installing a tennis court at the Tahoe-Truckee High School in accordance with specifications on file in the office of the superintendent of Schools.

Each bid must conform to the requirements of the plans and specifications and all other documents comprising the contract documents. The contract documents may be examined and copies obtained at the office of the superintendent of Schools, Truckee, California.

No bid will be considered unless

tier, and are living on the Golf Course, Kings Beach. He is working for Bailey as a body and paint man, is he good? He sure is.

If you have any friends who would like to enjoy the Sierra Sun, just call me. I'll take care of the ordering for you.

## DRIVE CONTINUES IN CANCER CAMPAIGN

John Finnegan, Truckee chairman for the current American Cancer Society fund drive, announced that scores of letters appealing for funds for this vitally important and urgent campaign are now being mailed out.

At the latest report Nevada County was in second place among the counties in District 8, with 21 per cent of its goal reached.

That still leaves a large percentage to go, Finnegan pointed out, and donations have been coming in rather slow in this area. This, Finnegan said, may be due to a lack of sufficient understanding of the needs, and too much stress cannot be placed upon that angle.

Last year the area exceeded in quota for the contributions for the program research, education and service by a large margin.

Local residents are urged to return their contributions as soon as possible.

## Tahoe Chamber Making Plans For Big Regatta

TAHOE CITY—Fred Main, president of the Lake Tahoe-Sierra Chamber of Commerce this week announced that plans for the second annual Mile High Gold Cup Regatta are under way with enthusiastic cooperation being received on all sides.

Dates for the big event this year have been set for September 11 and 12. Tentative dates of September 4 and 5 were requested changed for a week later and Mrs. Kay Hallett, secretary of the Far Western Boat Association, through whom the request was made, was to have notified Main if the new dates were not acceptable to the association.

There is a real possibility this year that the Gold Cup races will be held on the south end of Lake Tahoe, according to Main, who declares it good policy for the entire lake region to alternate the races each year. George Canon and the chamber's vice president, Norman Celio, are now seeking an appropriate course at the south end which would comply with the stringent requirements of the Power Boat Association.

There must be two straightaways with no curves, except at turns—no "dog-legs"—must permit quarter radius turn—and water must be of such depth that boats can be salvaged readily either by sight, or diver. The problem now is to find such a course near the lake so that the crowds can see the races without difficulty. This problem will not be too difficult this year according to Main.

Main declares that interest in the Gold Cup races is already intense and both Budeweiser beer and General Petroleum Company have written that they will donate

trophies, or anything else needed to further the cause of the popular sporting event.

Mrs. Hallett reported more than a month ago that the names of 123 racing applicants had been received by the Far Western Power Boat Association at San Francisco, and it is predicted that the array of famous drivers ever to participate in a single event will be seen in action next September here.

### FRIDAY MEET

At the meeting last Friday night of the Lake Tahoe-Sierra Chamber of Commerce members in Tahoe Community Hall in Tahoe City, presided over by President Fred Main, George Canon of South Tahoe told members of the publicity campaign being fostered by the chamber.

The big caravan membership drive of the chamber will get under way shortly after July 4, the exact date to be announced later.

The chamber most cordially extends to the general public, whether resort and business owners or not, an invitation to attend the chamber's annual spring luncheon to be held this year at Brockway Hotel on Friday, June 25.

Dr. and Mrs. G. Bruno Fuesell of Pasadena have returned to Homewood, Lake Tahoe where they will stay until early fall.

Mr. and Mrs. Victor Wikander who have been in Oakland for several months, are again greeting their friends at Tahoe City.

### NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that sealed bids will be received by the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, California at the office of the superintendent, Truckee, California, on or before, and no later than Friday, June 25, 1954, at 5 P.M. for painting the exterior and roof of the Kings Beach Elementary School, the exterior and roof of the old part of the Truckee Elementary School, and the cornices and sashes at the Tahoe-Truckee High School in accordance with specifications on file in the office of the superintendent of schools.

Each bid must conform to the requirements of the plans and specifications and all other documents comprising the contract documents. The contract documents may be examined and copies obtained at the office of the superintendent of schools, Truckee, California.

No bid will be considered unless it is made on a form provided by the superintendent of schools and accompanied by certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the owner. The above mentioned checks or bid bond shall be given as guarantee that the bidder shall execute the contract if it be awarded to him in conformity with the contract documents and shall provide the surety bond or bonds required within five days after notification of the award of the contract to the bidders.

### PROCLAMATION

During 1953, death came to 3371 people in California as the direct result of accidents involving motor vehicles. There were more than 110,000 injuries in accidents in that year and the economic loss to the people of our state has been estimated at \$320,000,000 because of these tragedies in traffic.

If criminals and outlaws in our midst were to exact such a toll, an aroused citizenry would undertake a crusade to stamp out the roots of such activity.

The California Safety Council, a statewide volunteer organization, is inaugurating a traffic safety crusade, assisted by the newspapers of our state, directed at increasing the awareness of individual drivers to their responsibilities for the promotion and maintenance of safety on our highways and streets.

Recognizing the value of such programs in reducing vehicular accidents in our state, I, Goodwin J. Knight, governor of California, hereby designate the period of June 14-21, 1954, as the opening week of this crusade, and I urge all Californians to cooperate by signing safe driving pledges and by otherwise promoting the cause of traffic safety to the fullest possible extent.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 28th day of May, A.D. One Thousand Nine Hundred and Fifty-four.

(Signed) GOODWIN J. KNIGHT  
Governor of California

### New Outboard Motor May Be Improvement For Lake Angling

TAHOE CITY—Since the introduction of a "quiet" outboard motor by Johnson Motors, distributed in this area by the Tahoe Boat Company, fishermen have been wondering what effect this development would have on fish and fishing results.

Although definite results have not been established as yet, scattered reports from anglers indicate that the lack of noise and vibration of the new motor may be as pleasing to bass, northern pike and other fish as it is to fishermen.

One northwoods angler, for instance stated that walleyes and northern pike were inclined to strike trolled lures closer to the stern of the boat when he was using the "quiet" motor. He attributes this to the flash of the propeller, the natural attraction of fish to moving water, and the absence of the usual outboard vibration and noise.

THE HAPLESS GOYAT FELL VICTIM TO A CONCEALED NET TRAP AND WAS JERKED INTO THE AIR!

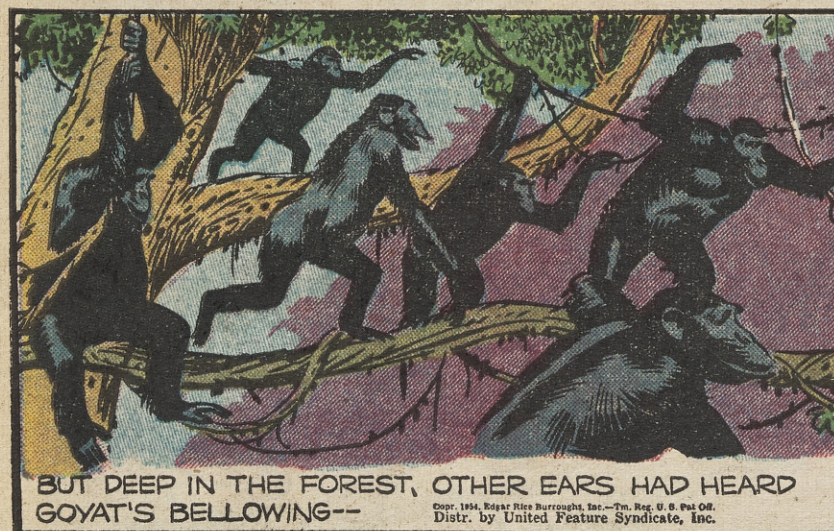

THIS WAS SLUG STRIPER'S FINAL COUP. QUICKLY NOW, HE STATIONED HIS WARRIORS IN AMBUSH.

THUS, WHEN TARZAN DROPPED DOWN TO HELP THE APE HE WAS ATTACKED FROM ALL SIDES!

HIS ATTACKERS WERE MANY AND INTENT ON MAYHEM!

BUT DEEP IN THE FOREST, OTHER EARS HAD HEARD GOYAT'S BELLING--

AND SOON, FRENZIED BRUTES LEAPED INTO THE FRAY--GREAT APES FROM GOYAT'S TRIBE, EAGER TO AVENGE THEIR KING!
